Resilience

We have jumped straight back into a busy Term 3 here at Yetman Public School. Our students have started back with their usual zest for learning and settled into strong routines. These routines along with excellent attendance are essential in fostering a sense of belonging, safety, community, and self-efficacy. Regular attendance helps students to develop and maintain friendships, be more engaged at school and progress with their learning.

We have many exciting learning opportunities coming up this term and we will be using the new School Bytes platform to keep you informed of these. Through the use of the parent portal you can see the calendar ahead of time and also keep up to date with any permission notes or payments required. If you have any questions about setting up the parent portal please just come and see us in the office and we will help get you sorted.

Our students joined the Macintyre cluster schools for their annual athletics carnival on Thursday and they did not disappoint. It is always a goosebump moment when we see students step up and out of their comfort zone to support each other and make themselves and their school proud. The team spirit of our students here is something to behold. Well done and best of luck to Zac, James, Stevie and Ted who will move on to compete at the Heferen Shield next week.

Katherine Walker
Principal (relieving)
