

Yetman Public School

Newsletter

This term in Creative Arts we have been focusing on form and shape. Yetman PS is lucky enough to be one of only three schools in NSW to have a gas operated kiln, so we have been making pinch pots and pinch pot monsters! The old kiln is proving to be a little complicated, however, we will get there and hopefully be able to use it more frequently. We are also looking at shading forms - this is where we try to make a two-dimensional shape look rounded or angular by using graded tones. The students have also made some origami animals.
